The time of the ritual came again. Every eight years, a new sacrifice is chosen.

Fone..

This is for the village,

So please.. keep living. Become a master cobbler like your father!

You're all too important to go to war.

A crafts-man's son can't be a warrior, silly.

Not the priests, and not the Chosen.

... I want to be a warrior.

They're the only ones who protect us,

The spirits say..

They say nothing is waiting for your blood

The ceremony doesn't make miracles

And that everyone has a greater fate in life than this.

Fone..

Our people need this.

There are sick, and the crops..

They're just worried.

Odd choice of words, don't you think?

Well?

Give up?

Then giving up my life is the least-

If it can bring peace to our people,

Tell me you don't wanna die!! Say it!!

Please, Rei..! Just those words!!

If I have you,

I don't need anything else!!

Let's leave! We'll run away, the two of us!!

See?! You know it as well as I do!!

Because you already made me the happiest girl in the world, Okay?

...I don't want you to stay sad, Fone.

I don't..

See me off with a smile, okay?

So cheer up!

There's lots of fish in the sea, you know! You'll find some one else nice!!

But perhaps your lack of conviction is all that lends your words the same?

Perhaps. Yes, perhaps.

Magic and miracles are the domain of madmen and fools.

Exactly! What evil dwells in the hearts of men is born of the same, not seeded by some other force.

Hhaa!

Waa!

What the..?

Hn?

Waaah!

Aye, aye, let's go

Uh-Uh- hwaah!

Ah, can't speak, eh..

Eh? Say again?

Hwaa! Nnah!

There there. We'll have ye to sanctuary soon enough..

Dry your tears.

Waah!

Nnah!

Just whose are ye, any how?

They should've had ye to a church.

A fine place to leave a child..

Hwaah!

Hnnaah!

Then you may simply send it away, no?

...If you do not desire it's company.

Then you must first teach it to speak, I fear.

I can't speak with a mere babe!

Are ye daft?

Wh-

I must ask you to look after your own guests' welfare.

Nay, nay, you misunderstand.

Eh?

Waah!

WAH!

D'ye mean for me to raise it?!

Wait..

Ah, at last you under-stand.

NNAH

NWAH

...

So much for provi-dence..

SLAM

I'll spare you some bread, now away with you.

Gah!

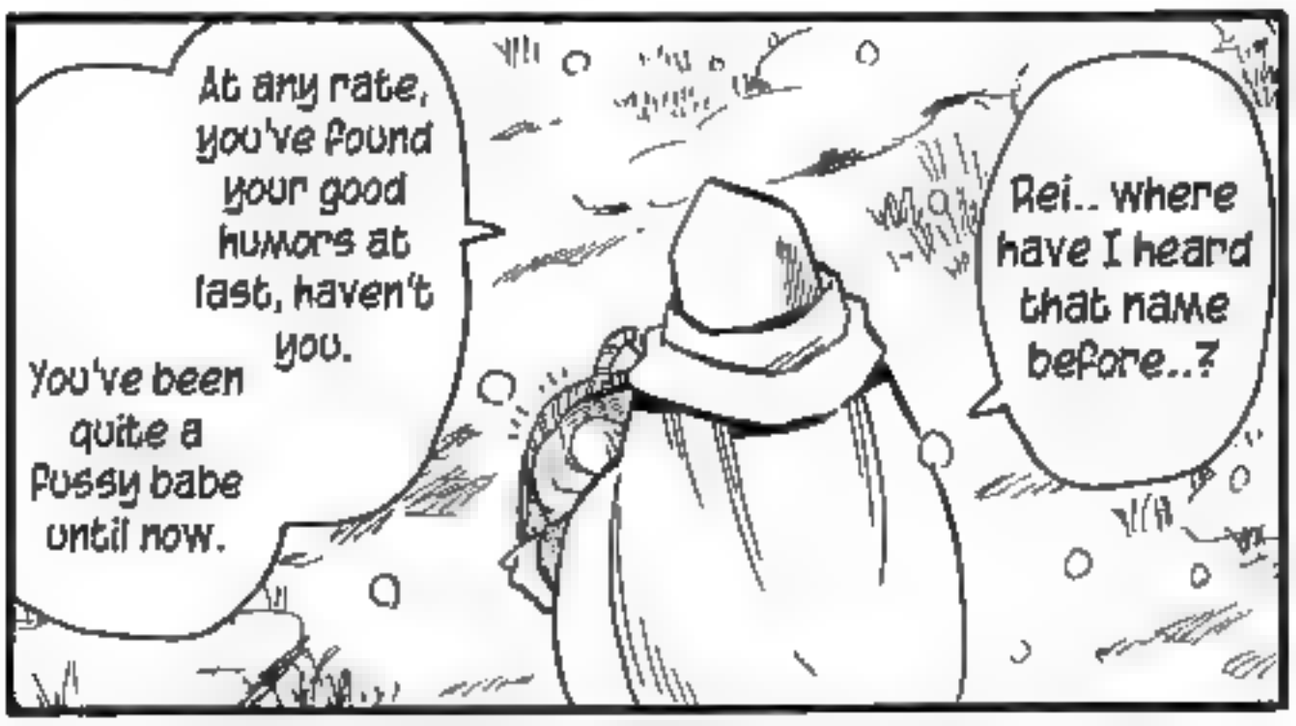
sigh..

You'll be doing chores to repay the charity as soon as you're able, mind.

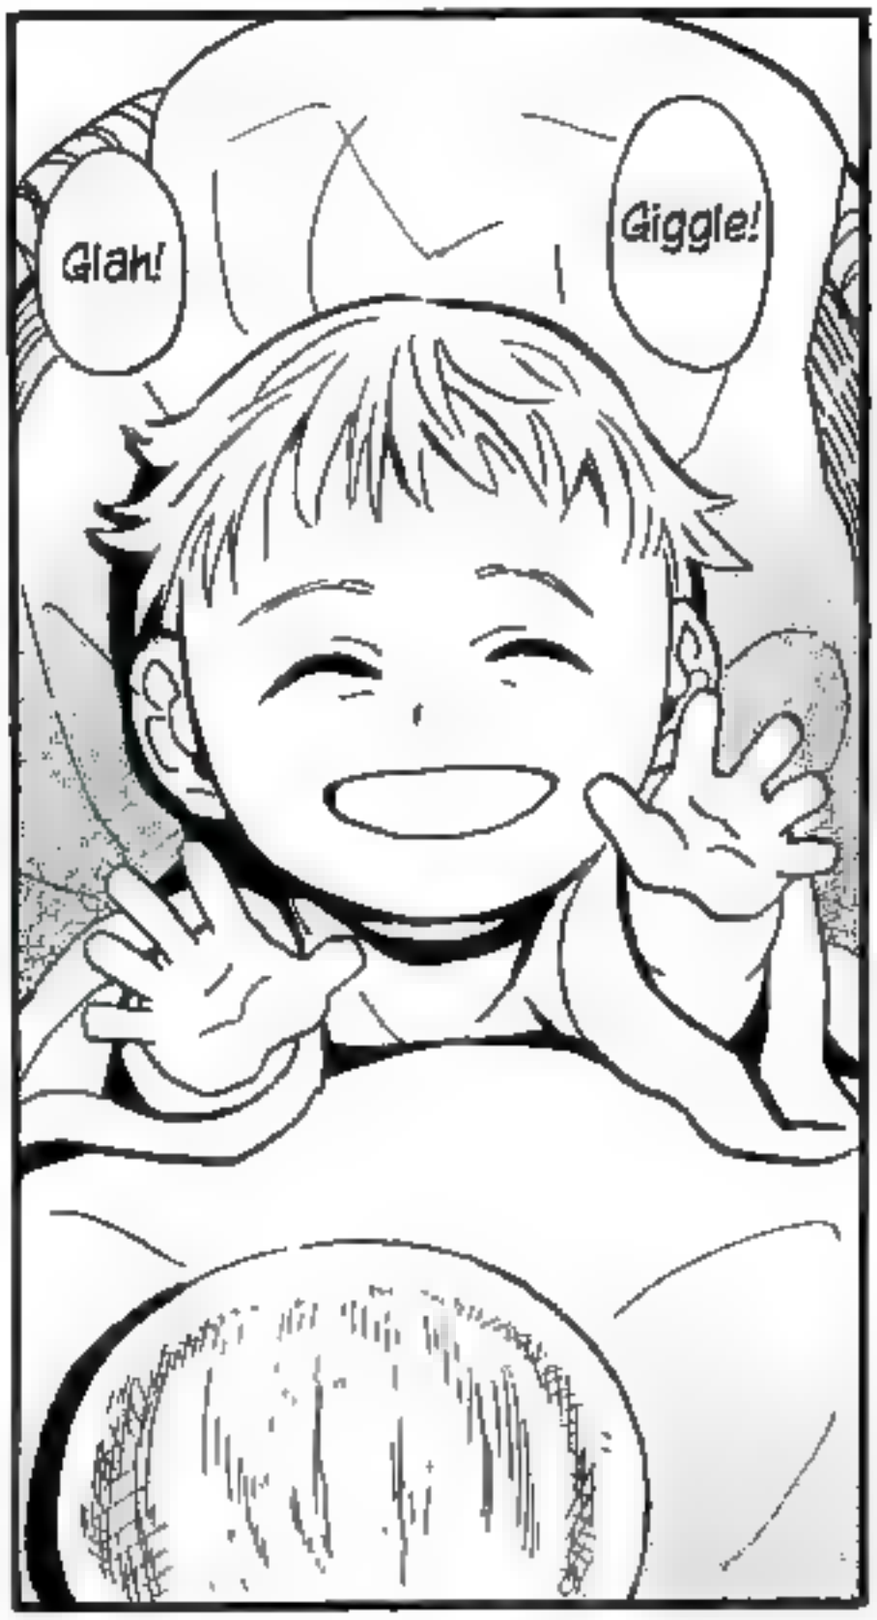
Well, let's get you home, aye?

You've some poor luck, it seems.

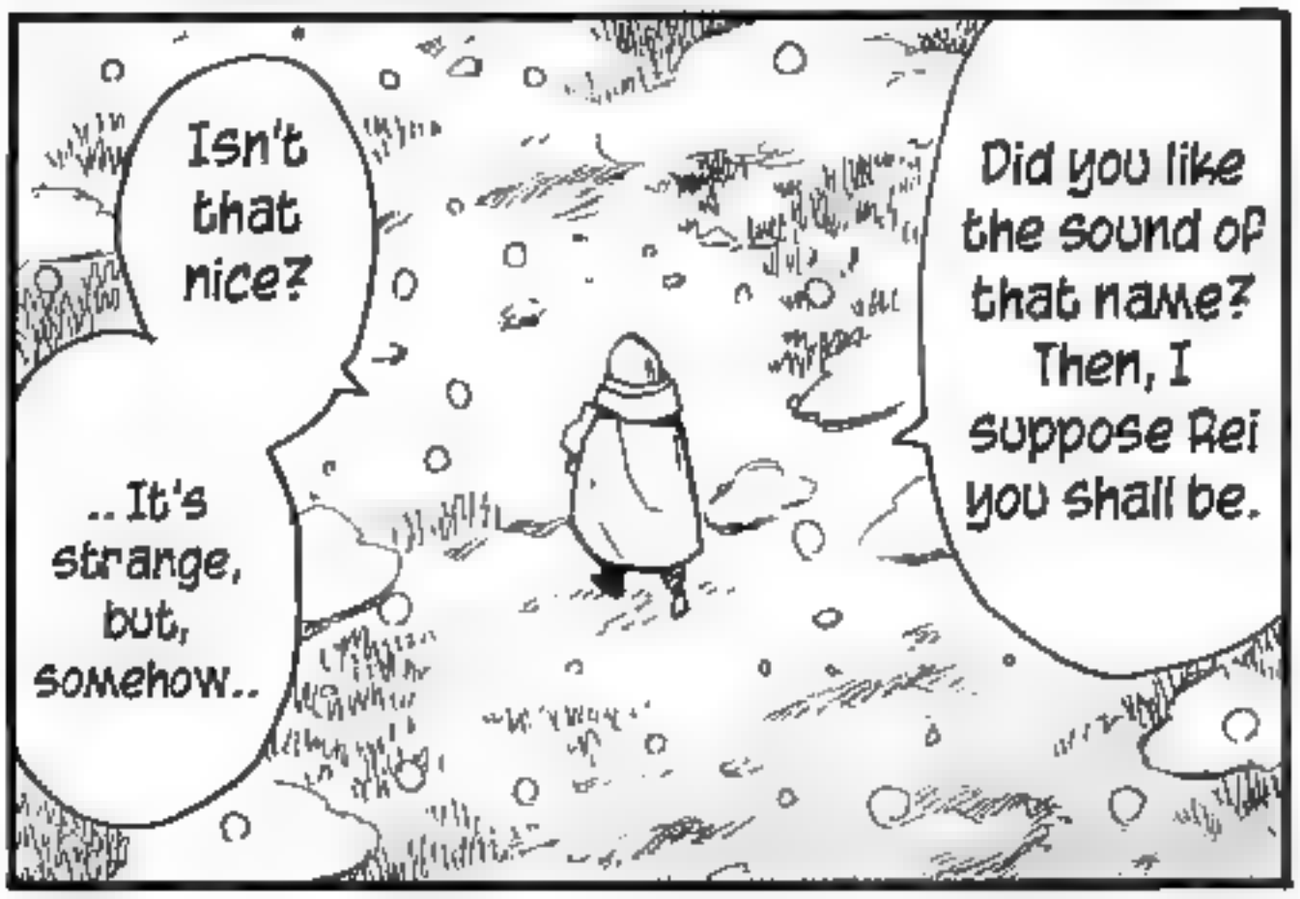
.. Rei?



At any rate, you've found your good humors at last, haven't you.
You've been quite a fussy babe until now.
Rei.. where have I heard that name before..?



Glah!
Giggle!



Isn't that nice?
..It's strange, but, somehow..
Did you like the sound of that name? Then, I suppose Rei you shall be.

Ah!

Glb!

Oh, laugh on, you.

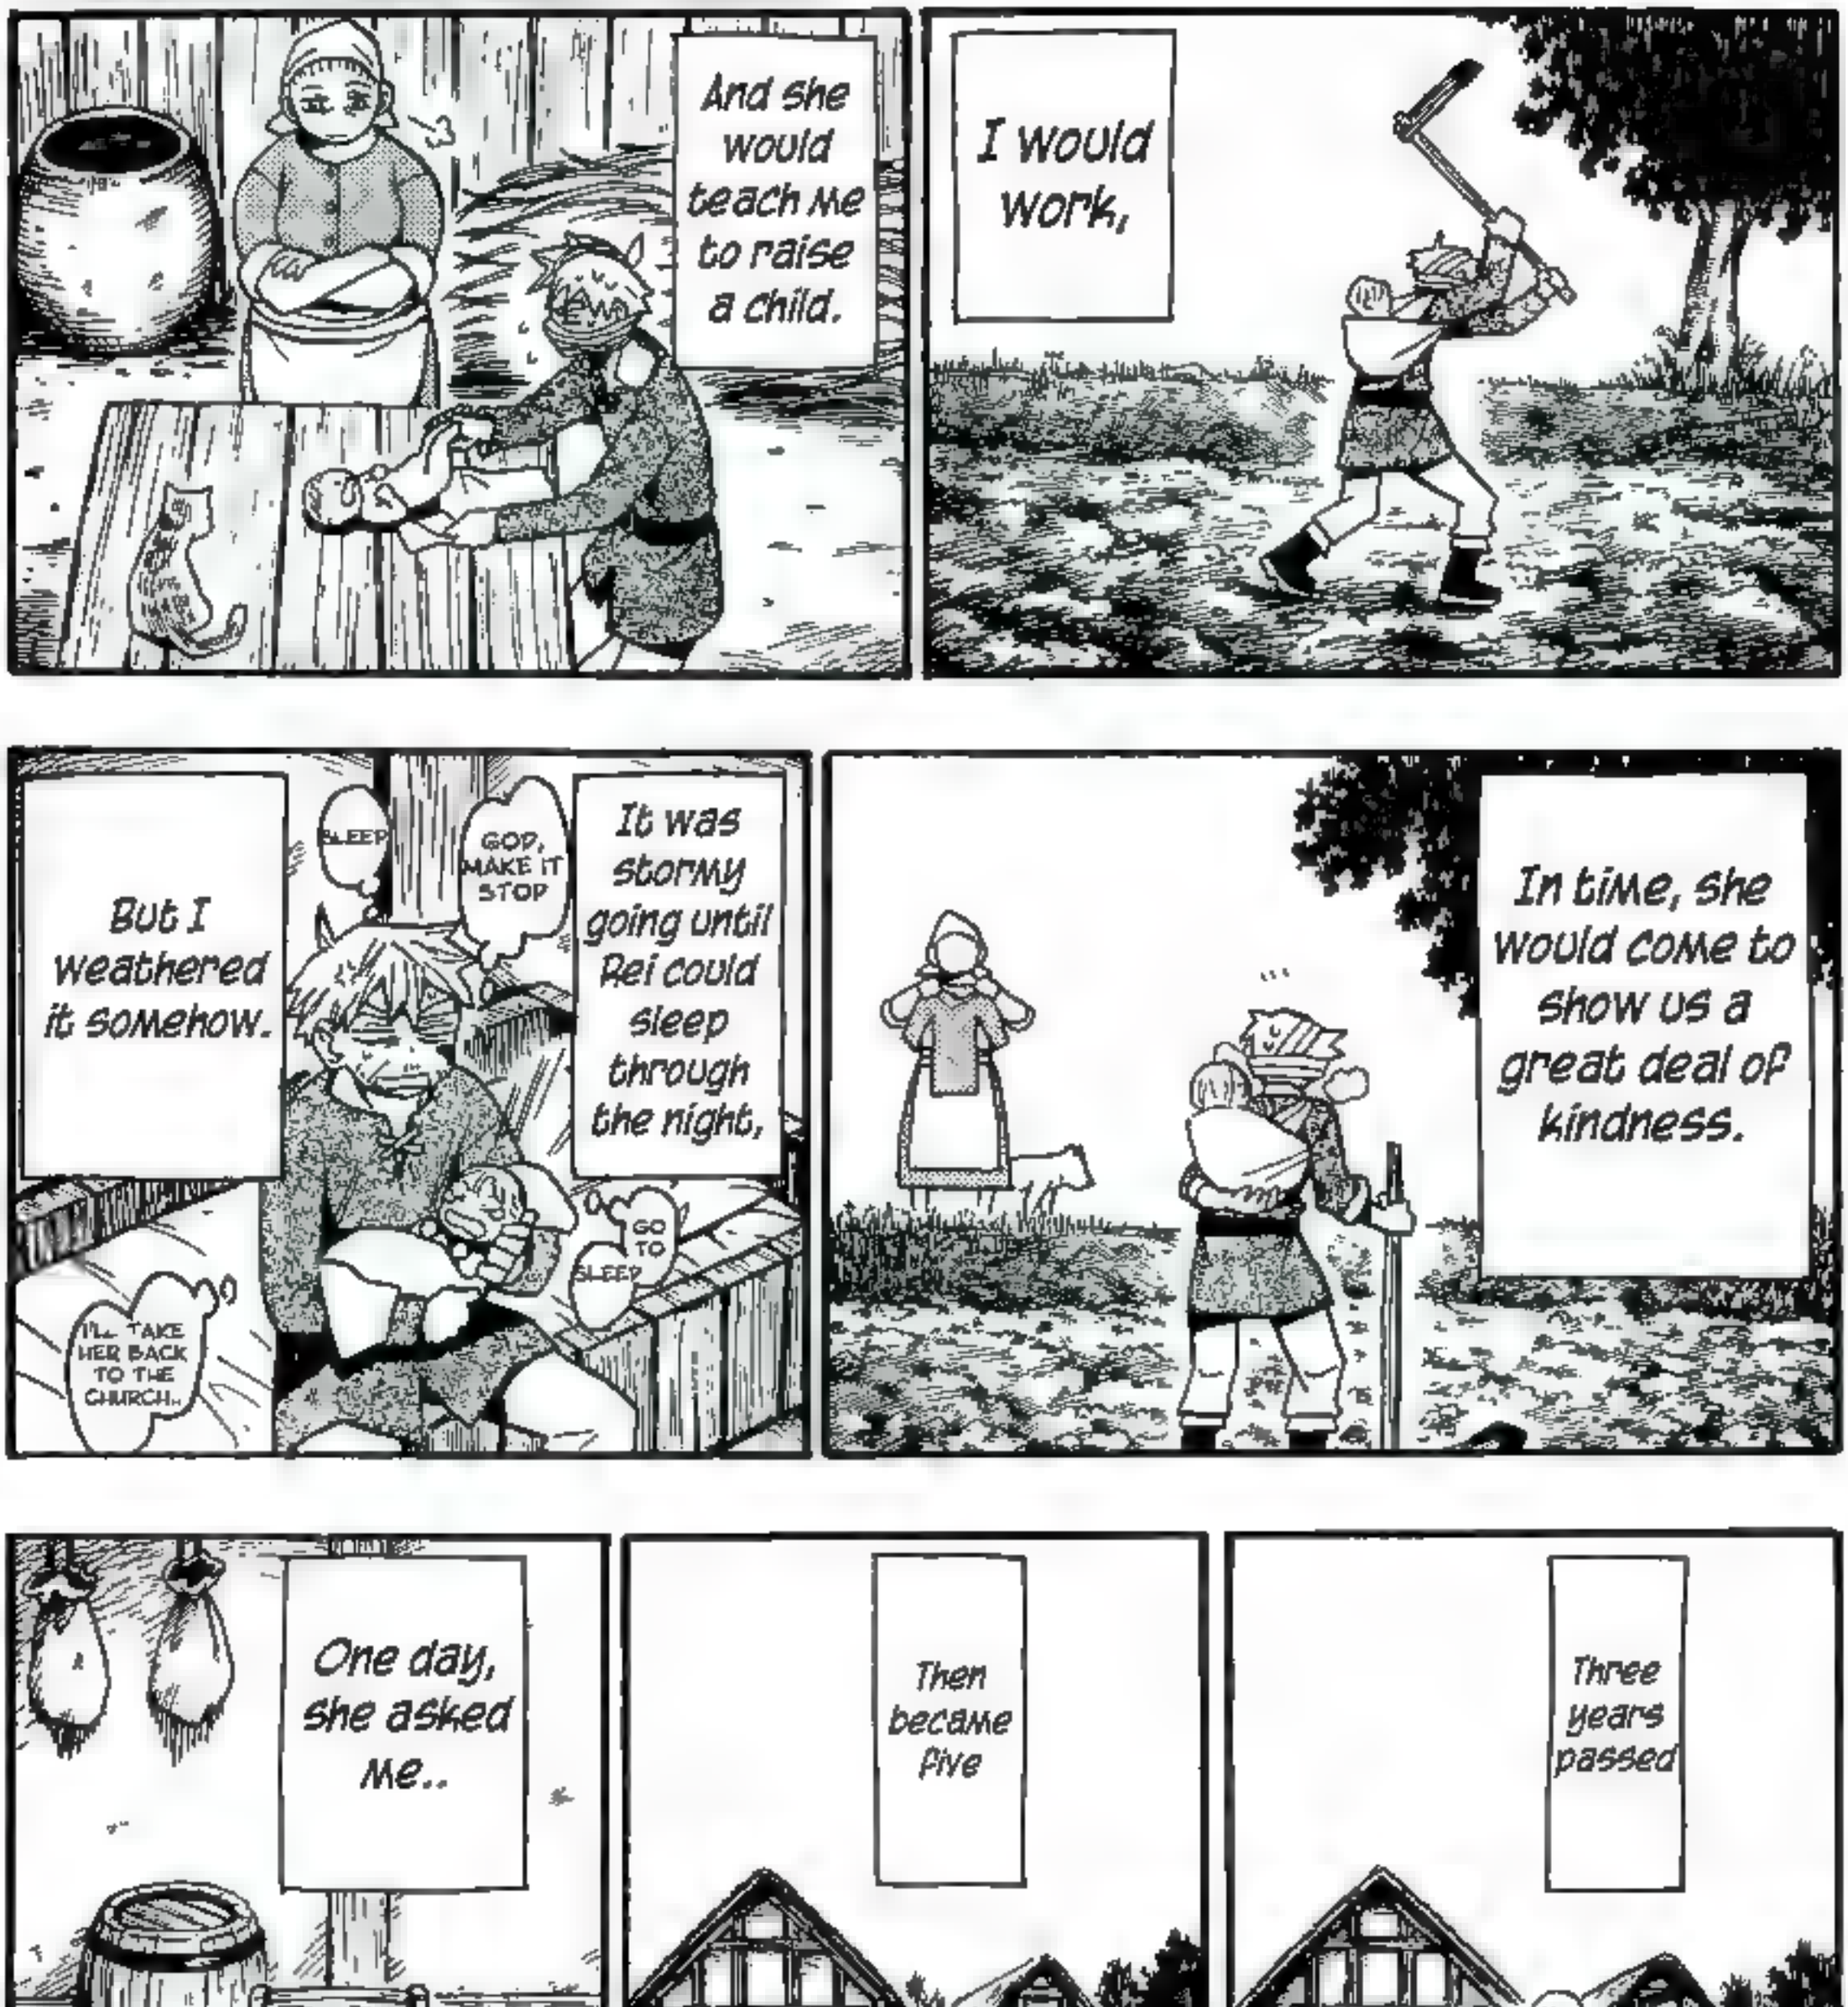
Is this old mummy really such a fanciful sight?

Well, little Rei?

I can't seem to stop crying either..

*The bandages and stink of drink upon me did little to endear her to the idea, but she gave in to my desperate prostrations.*

*I bargained with a farmwoman who lived on the outskirts of town to secure goat's milk for Rei.*



And she would teach me to raise a child.
I would work,
But I weathered it somehow.
SLEEP
GOD, MAKE IT STOP
It was stormy going until Rei could sleep through the night,
I'LL TAKE HER BACK TO THE CHURCH.
GO TO SLEEP
In time, she would come to show us a great deal of kindness.
One day, she asked me..
Then became five
Three years passed

I answered without a thought.

She passed. She was very ill.

Where did Mama go?

Papa,

Lies begat more lies.

Very far from here.

Okay.

And where did you bury her?

My family thought her beneath me, and would forbid us to see each other..

So, we eloped.

Your mother came from a poor house, but she was so very beautiful.

How romantic!!

You ran away together?

Did you ever see Mama again after the giant carried her away?!

groan

What happened after you and Stihl and Glass stormed the abandonded castle?

Wake up, Papa! I want to hear more of the story!

And oh, how they fawned and bowed. "Oh, Master, how can we ever repay you?" and such.

They were all alive and well, once I cut open the belly of the serpent and freed them.

And what about everyone who got eaten up?!

There I was!! Facing down a great, monstrous serpent! I thought I, too, would meet my end as its gullet! But, *NAY!* I took up a blade in each hand, and assailed it with a rain of blows, each more telling then the last! Just as I found myself on my last legs, the beast fell, slain!!

Hooray!!

And Rei's smile became a greater joy by far.

But I forgot the comfort of a bottle,

When I changed so, I cannot say,

Hating and cursing the witch who stole it away.

I spent so many long, painful years, having been cast down from that role,

I trained and fought until I could become a strong and worthy knight

All I ever wanted was to protect and serve

My daughter.. My Rei, is my world now.

I've left that drive behind so easily.

And yet,

Oh, now, pay it no mind. I've no need of it anymore.

Oh, Father.. Not your sword?

But, it's a rather curious dress..

Oh thank you, Father! It's gourgeous!

Had it off a traveling salesman.

Put that old blade to good use again for a bargain.

I've grown old, these years looking after her..

We cannot stay in this home together forever..

'Ere long, I'll find myself being nursed instead.

Truly, I cannot express..

Oh, enough! Our fields would be barren if not for your help.

I shudder to think of the child I would have raised alone..

Thank you for your help all these years.

Going to find Rei a husband?!

What?

I've always wanted the chance to travel!

I'M not quite prepared to be wed,

Well..

This old fool may have his reasons, but you've no duty to court his whims..

Have you given this any thought, Rei?

It was at this parting I first felt I knew true gratitude.

Fare thee well.

Thank you, and fare well!

Go in health, then.

I'm fond of walking.

I never knew you for a fan of the open road.

It's as if this road stretches forever..

We can travel to our hearts' content!

Hush, and I'll tell you!

Oh? What was it about?

...
I once had a dream..

I was so overjoyed that I could not stop! On and on, away above the clouds..

When I wore them, I could walk on air!

There was a boy, and he made for me the finest pair of sandals..

From on high, He showed me yet another boy, and said..

It was there, above the clouds, I met God.

And just as I had reached the boy in my dream,

I awoke.

"Do you see, Child, his sorrow in being alone? Go to him, and comfort him.."

"Be at his side."

Because I'm sure some day I'll find him, and we can both be happy.

So I want to keep walking, further and further.

Surely, they were merely tears of a proud father.

Tis nothing.

What's the matter?

To think that a child fed naught but lies could grow up so splendidly...

Though I knew not why

I was moved to tears yet again

Luckily, I had a suitor in mind.

I had to find a man I could entrust Rei to, before my strength left me.

It was indeed a long road, however, and taxed my old bones dearly.

Eh?

You there! Lad! Where is the house that once stood here?

It was.. not as I recalled it.

On the way, I thought to visit my old home once more

Not long before I was born, I'm told. There's a tutor here who heard the story from his grandfather.

Ye Gods!

Wh.. Just when was this?!

After a horse dealt the master a blow to the head, he went mad and burnt it himself, it's said.

His pace..

The Flantyr holding?

Hm.

Ah, N-no.. Merely in passing..

...Did you know them well, sir..?

Nigh on 20 years.. Nay, longer still! Mayhap, when the killers stopped coming for us..?

So you really were a noble!

Was this your household, Father?

Let's move on.

For the fieelds are a'grown with weeeds..

Pay your priests and kings no heeed,

Good day, then.

As you say, then.

smirk

I've no ties to this place!

All the tales were true! B-but..

An honest girl..

I don't know what you mean.

How strange, then, for that man to know that song..

Did you not favor it yourself, Father?

We're bound for an old friend's home.

He earned his own lot.

heh heh

He was a damn fool of a brother, and now there's nothing left of him.

He should've known when to give up on me. His wickedness repaid itself, no doubt.

Hm? Oh..

Where are we going next, Father?

In spite of my efforts, I could not hide my smile that night

You there! Girls!!

Find help! Run! He's injured!!

Feels.. Warm...

Father?

As the fires faded, blood seeped from my crown

Fat- her!!

I'm sorry, Rei.

I've not long now.

Does it amuse you, dear God?

I meet my end in the same way as my brother.. a fine jest.

Song? But.. I'm not singing.. am I?

Father, no!! Speak to me!!

Please!! Stop singing that song!

mast bee careFuul when y'mill the F'lwrr.

I beg you.. dry your tears, won't you? All I ever wanted was to see your smile, after all..

I killed men without a thought.

Fighting my hunters to see each new day..

I came from a cursed, hateful life.

Well..

Could come to know happiness as I have?

Is it truly fair, that a man such as I..

I wasted away my life with drink and begrudgal.

I can lay forth no regrets.

And I've selfishly caused her such grief,

Though I shan't see my daughter wed,

This time.. I leave you behind.

Forgive Me, Rei...

For walking with me

Thank you...

I love you.

This way, Master Cielo!

PAPAAAAH!!

Did you have lots of real nice dreams, Master?!

Goooood Morning!!

Breakfast seems to be fish today, Master! It looks lovely!

Rune's dress and her song yesterday.. Weren't they the same as..?

Just.. It seemed like it lasted a long, long time..

Dreams are funny like that!

... I can't reme-mber.

Hey, dude.

Morning, Fuuta.

Nah, I just woke up. Still half-asleep.

Man, are your eyes red. All-nighter?

What's with the wait?

'Morning.

Hey guys.

I'M eager to hear how he died.

Well?

The whole story?

Please, tell me the story of the brave knight's triumph over the innocent Medicine woman.
